Postal lock out was part of the plan

Ottawa, Ontario
K1A 0A6

When the house resumes in September this petition will be used to remind the Harper Government what it did to thousands of Canada Post workers.

I believe the Government of Canada wanted Canada Post to lock out the workers. The minister responsible for Canada Post would have known before the lock out was put into place. I also believe Canada Post knew the Harper Government would bring in, back to work legislation as quick as possible.

Once signed please cut along the line and return the bottom petition to Kevin Lamoureux MP.

Petition to the House of Commons

Whereas, The Government of Canada interfered in the collective bargaining process between Canada Post and its employees.

Whereas, The Government of Canada reduced wage offers that were already offered by Canada Post at an earlier date.

Whereas, The Government of Canada worked with Canada Post to support the lock out and bring in back to work legislation.

We, the undersigned residents of Canada call upon the House of Commons to review the role the federal Government played in denying the workers of Canada Post the ability to have a negotiated labour contract based on a free collective bargaining process.
