Petition to the House of Commons

Whereas, Government of Canada needs to work with other levels of Government to develop more programs that will keep our youth active in positive environments.

Whereas, Gang activities in Winnipeg are causing serious problems related to crime and safety in many communities.

Whereas, There are far to many young children becoming associated or active in gangs.

Whereas, many of these children could be steered away from gang activities by providing programs that focus on keeping children out of gangs.

We, the undersigned residents of the Province of Manitoba call upon the House of Commons to provide for and support programs that will prevent crimes from happening like programs that focus on steering young children away from associating with gangs or gang activities.
