Petition to the House of Commons

Whereas, the Canada Health Act provides a framework to insure Canada would have a world class health care system based on five fundamental principles.

Whereas, the 2004 Canada Health Care Accord will be coming to an end in 2014

Whereas, the Government of Canada needs to play a leadership role in protecting and improving Canada's health care services

We, the undersigned residents of the Province of Manitoba call upon the House of Commons to provide leadership on protecting the interests of the Canada Health Act and improve accountability on how health care services are being delivered.
