Petition to the House of Commons

Whereas every year thousands of people are denied the opportunity to visit Canada.

Whereas, the Canadian Government needs to recognize the importance of family when someone from another country who is of good character and in relative good health, wants to visit Canada.

Whereas, weddings, graduations, birthdays, funerals, other family gatherings and family needs must be given more consideration in the granting of a visiting visa.

We, the undersigned residents of Canada call upon the House of Commons to recognize the importance of families and take the action needed to insure that those who want to visit Canada, who have family in Canada be given extra consideration when applying for a visiting visa.
